

Special School Transport

The Public Transport Administration deals with special school transport in Västerås and Sala municipalities. In order to travel by special school transport, you need to apply to your municipality first. Contact your municipality for further information.

Book special school transport

Once your school transport is granted, you need to send a booking to us using our form. Relevant forms are available at:

<http://www.ltv.se/Kollektivtrafik/sarskild-skolskjuts>

In order to have this processed as quickly as possible, complete the form digitally and e-mail it to planering.ktf@ltv.se

Our processing time is up to two weeks and we will get in touch when you can begin school transport. If you have any questions, you are welcome to call us on 0771-17 62 86 or e-mail planering.ktf@ltv.se

Cancellation and rebooking

It is important that you cancel school transport for the days on which the pupil will not be travelling. If you have cancelled school transport until further notice (e.g., if the pupil is ill and you cannot put an end date on this), you must rebook once the pupil is ready to travel again. Remember to do this in good time, no later than the day before, if possible.

To rebook and cancel your school transport

Call 0771-17 62 86 or e-mail planering.ktf@ltv.se

We answer phone calls and e-mails on weekdays between 06.15 and 17.00.
